AMERICAN BANKER

2023 Best Banks  
to Work For

ACCESSbank has a few dedicated groups to ensure everyone is having fun and is recognized. Its “community crusaders” help the bank get involved in philanthropic work while the “culture crew” focuses on creating a work environment that people want to come to every day and plans a variety of fun activities, such as grill outs and trivia challenges. The “events experts” celebrate employees and family members by hosting memorable gatherings, such as the holiday party, while the “wellness warriors” organize events focused on health, such as steps challenges.

“Our purpose ‘Creating Positive Experiences’ and ‘ACCESSway’ core values are modeled and lived by our leaders each day,” said CEO Patrick Corrigan. “They drive the charge by maintaining high expectations, striving for the best and, most importantly, caring for our people. We maintain a strong vision of what is important for our clients, customers, employees, community and shareholders.”
